Violent Decline in Rock Island and Another Slump in Wabash Among the Market Features.

By BROADAN WALL.

By International News Service. NEW YORK, Feb. 2.-Unexpected and eavy selling for southern account turned

A violent decline in Rock Island issues, which carried the common to 9s, a loss of 3s, and the preferred to 1s, a drop of over four points, created a bad impression in foreign markets. London houses sold Steel, Union Pacific and Amalgamated, turning back into the market some 40,000 shares picked up at the end of last week. For part of the seasilon the general market held well and even promised to disregard both the foreign selling and the decline in Rock Island. As the day wore on, however, developments were mainly unfavorable.

Pennsylvania showed a decrease in net earnings for the calendar year of over \$11,000,000, and New York Central, with a net decrease of \$2,858,000 for the month of December, displayed a loss in net for the year of \$11,978,000. New York Central fell nearly two points, while Pennsylvania remained firm.

Utah was unchanged to off to \$0 up; oats the same as Saturday night, and provisions down 25 \$50 per cent, or an increase of 1 per cent. The present carnings justify an increase in the dividend rate.

Fennsylvania showed a decrease in net vancing to par. Pressed Steel Car sold carnings for the calcular year of over up to 45t.

Amalgamated Telephone & Telegraph dropped three and three-quarters points and Pacific Telephone & Telegraph dropped three and three-quarters points and Pacific Telephone & Telegraph two points and Pacific Telephone & Telegraph two points are points on the story that the government contemplated open competition. Western Union was heavy. Gould stocks were weak, with Wabash preferred down to \$5. Canadian Pacific again feit the brunt of foreign uncasiness and lost two points. An engagement of \$2.000,000 gold for Paris was announced, making \$5.000,000 on the present movement. Further shipment are anticipated. Call money rose to 3 per cent, a higher rate than that of last week. Time funds are offered for periods extending into 1915, at 4 per cent. Profit-taking by longs wiped out an advance which corn had made as a result of expected rough weather. Unusual wariness was shown by speculators, no matter to which side of the market they were inclined. The open interest in the pit is not nearly as large as a fortnight ago. Action by the oats crowd seemed to hinge altogether on corn. Trade was light.

Despite an advance at the yards, previsions cased off. Realizing by longs, including packers, was responsible.

Deportation of South African Strike Leaders Causes Debate in Parliament.

CAPETOWN, Union of South Africa. Feb. 2.—A bill to indemnify the government for its acts under martial law and prohibiting the return of strike leaders recently deported from South Africa was introduced in the assembly today by General Christian Smuts, minister of defence, and passed its first reading. Prior to this a labor amendment, proposed by Frederick H. Creswell, the acceptance of which would have been equivalent to a vote of censure, was defeated, the laborites alone supporting it.

The Unionists voted with the ministerialists in all divisions. Their spokesman, Sir Thomas Smartt, defined their attitude as "one of suspension of judgment until all the facts are before the louse".

General Smuts promised a full explanation of the government's action when the bill will come up for second reading on Wednesday.

Mr. Creswell condemned the deportation of the strikers and asserted the govern-ment had by its action struck a blow at the foundations of civil liberty in the
